FOR IMMEDIATE RELEASE:

ACROHELIPRO APPOINTS DIRECTOR OF OPERATIONS FOR NEW DALLAS FACILITY

Richmond, BC, April 11 2006 – ACROHELIPRO Global Services Inc., a subsidiary of Vector Aerospace Corporation, is pleased to announce that Shaun Stubbs has been appointed Director of Operations of our new Dallas facility.

“Shaun first joined us in 1993 and very quickly progressed through various sales positions including his most recent role as Director, Sales & Marketing. Shaun knows the business well and as Director of Operations he will have the opportunity to manage the overall Dallas business from its new base,” stated Charles McIvor, Executive Vice President. “The Dallas shop is key to our long-term strategy to better our customer support in the US and Shaun will play a significant role in the growth and success of this new facility.”

ACROHELIPRO Global Services Inc. is a world leader in providing full service support, including maintenance, logistics and engineering services, for a wide variety of helicopter types.

Vector Aerospace is an independent provider of aviation repair and overhaul services. Through facility in Canada, the United States and the United Kingdom it provides services to commercial and military customers for various types of gas turbines engines, components and helicopter airframes. It also provides information technology solutions to an international customer base. Principal operations include Atlantic Turbines, Sigma Aerospace, ACROHELIPRO Global Services Inc. and Pathix. The Company has approximately 1,100 employees.
